Jan. 12, 1984

Dear Mr. Drasnin :

How time flies! It has been over a year since we worked together for your movie and our performance. What are you doing now, making another movie? We hope we'll have the opportunity to see more of your movies.

All of us have seen the movie Looking For Mao. Some even saw it twice. It's marvelous. It makes us review the great changes and development in our country and see them from different angels. Through the movie, we saw your understanding and friendly attitude toward China and Chinese people. Thank you for your efforts in making it.

Now we're busy with our theses and we'll graduate in July this year. Owing to Helen's hard work and kindness, we not only learned English, but also got acquainted with many of her friends, such as you. We hope you'll visit China again someday and we're sure you'll find many more changes here.

~~Wish you a great success.~~

Sincerely yours

Maria. Heidi. Jenny. FRIEDA Lisa
David Steven. Patty GRACE. Lucy
Susan Betty Karen Peter Sally
